Just a really hard slap to the back of the leg with a whiffle ball bat would change the look on his face to the one I want to see. Note: I'm not at this moment condoning unnecessary violence, nor am I suggesting any one to go buy a whiffle ball bat. I'm strictly talking about facial features, and what I think would draw out the perfect photo of Fauci that's esthetically pleasing. That is all.

The only thing anyone *needs* to know is what the biggest cheerleaders of the covid panic actually DO, themselves.

They ALL are going about their lives and not following the orders they expect the “proles” to follow. If it were real, they’d be protecting themselves and letting the “proles” suffer. They’d be in hiding and hiding the vaccine for themselves.

Nothing else proves it’s all a lie more than that. Fauci, Birx, Cuomo, Newsom, Stretchin Gretchen, Peloshi... all of them are gleefully going about their lives without fear.

The single piece of evidence that damns it all is their personal lack of concern.

Main reason why is still there should be exactly because is a DS creature. Tell what they want and is safe on MSM. Trump know before that a real scientific approach would be blamed by MSM. This bioinfo war was launched to activate the mail in ballots card. Without all the restrictions and lockdown it was impossible to print so many and steel the election.
